

# **THREE RIVERS LOCK & DAM TOUR**

## **Experience a Lock & Dam Tour aboard the Gateway Clipper “Three Rivers Queen”**

Join us as we sail the Allegheny, Monongahela and Ohio Rivers aboard the “Three Rivers Queen.” We will head down stream to the Ohio River to the Emsworth Lock & Dam. The facility stands at the head of the Ohio River Navigation System and forms a 24-mile pool on the three rivers around the city of Pittsburgh. Once we arrive at the lock, the Captain will explain the process of “locking thru” in real time! You won’t want to miss this exciting experience! After we exit the lock, we will head back to the city as you take in the beautiful sights of the Three Rivers on the outer decks of the Queen. Your ticket will include an Ohio Cocktail Reception serving light hors d’oeuvres, a cash bar, and round trip coach bus transportation from the Pittsburgh Marriott City Center.
