

UCOWR/NIWR Annual Water Resources Conference
June 11-13, 2019
Snowbird, Utah

Oral Presentation Guidelines

Before your session:

- Arrive 10 minutes before your session begins and introduce yourself to the moderator.
- Bring your PowerPoint presentation on **USB** and load it onto the laptop either before your session begins or during one of the breaks. Copy your presentation into your Session folder located on the desktop.

Time:

- Full-length Talks: Each speaker is allotted 15 minutes, including time for questions. Prepare a 13-minute presentation and allow 2 minutes for questions.
- Lightning Session Talks: Each speaker provides a 5 minute talk. Once all talks are given, a panel discussion with the audience utilizes the remaining time.
- Special Cases: Some special sessions have talk times different from the standard format. Please check the program for time allotment (<https://ucowr.org/2019-conference/program-schedule/>).
- **Presentations will start at your designated time.**
- Moderators will hold up time cards to notify when time is getting short. Adjust your talk accordingly if you begin to run out of time. If your time is up, ask the attendees to save their questions for the break that follows your session.

Equipment provided:

- LCD Projector, Windows laptop with Microsoft Office, laser pointer

Please note:

- Presentations should be prepared in PowerPoint. Projectors will default to Widescreen format.
- Project your voice. Microphones will NOT be available.
- Internet will NOT be available in meeting rooms. Do not include slides with internet links.
