

Thank you for any support you can offer Tom's family and community as they cope with the sudden and tragic loss of a beloved family member, teacher, and colleague.

Ways to honor Dr. Thomas Meixner's life and contributions to water resources:

1) GoFundMe site for his wife and their two boys. Tom was a cancer survivor and therefore did not have life insurance. Click [here](#) for more information.

2) The University of Arizona Board of Trustees set up a Thomas Meixner Scholarship Foundation with an initial \$50,000 contribution. This will be a permanent named endowment, meaning it will generate funds to award every year in perpetuity. Click [here](#) to learn more.
